

POLITIKA BEZBEDNOSTI INFORMACIJA

Trizma d.o.o. Beograd je prva kompanija za pružanje usluga kontakt centra i biznis proces outsourcinga u Srbiji.

Menadžment Trizma d.o.o. Beograd donosi ovu politiku, sa ciljem zaštite informacija korisnika, kompanije, zaposlenih, dobavljača i drugih zainteresovanih strana, kao i kontinuiteta njihove raspoloživosti pri obavljanju poslovnih aktivnosti.

Staranje o poverljivim informacijama

Da bismo sačuvali privatnost klijenata i krajnjih korisnika, u okviru naših usluga brinemo o zaštiti poverljivih informacija korisnika i same kompanije, u svim našim poslovnim procesima.

Zaštita informacione imovine

Ova politika daje okvir za uspostavljanje ciljeva bezbednosti informacija, zaštite informacione imovine i osiguranja kontinuiteta kritičnih poslovnih aktivnosti u slučaju neplaniranih događaja.

Kako bi osigurao poverljivost, integritet i dostupnost informacija, u skladu sa zahtevima standarda ISO 27001:2013, Tim za bezbednost informacija Trizma d.o.o. kontinuirano procenjuje rizike za bezbednost informacija i preduzima mere za zaštitu od pretnji po informacionu imovinu.

Od zaposlenih i spoljnjih saradnika preduzeća, očekuje se da koriste informacionu imovinu u legitimne poslovne svrhe, uz njenu zaštitu i očuvanje poverljivosti, nepovredivosti (integriteta) i raspoloživosti imovine.

INFORMATION SECURITY POLICY

Trizma d.o.o. Beograd is the first Company for providing Call Center Services and Outsourcing Business Process in Serbia.

The Management of Trizma d.o.o. Beograd adopts this business Policy in order to protect all and any information regarding the customers, Company, employees, and the other interested parties, as well as providing continuity of accessibility in performing business activities.

Securing confidentiality of Information

In order to secure confidentiality to customers and end users within our services, we are engaged in protecting the trustworthy information received from users, as well as ones regarding the company itself, in all of our business processes.

Protection of information assets
